

TOWN FATHERS GATHER IN USUAL MONTHLY MEETING

The Town Council sure had a busy session at the meeting last Thursday; so much so in fact that the time limit was exceeded and the agenda hardly completed.

The Mayor was in the chair faced by Councillors Davison, Fish, Huntingford, Wiley and Yeager.

After disposing of the minutes of previous meetings, a letter was read from the local chapter of the I.O.D.E. thanking the Council for the use of the rink for their recent skating party.

A communication was received from the Royal Alexandra hospital in Edmonton regarding the treatment of a Mr. H. Hart, but as this person was shown to be outside the Council's jurisdiction the secretary was instructed to write a reply declining liability in the matter.

The deputy minister of Municipal Affairs also wrote giving instructions re "the extension of time" for the redemption of tax sale lots. (This notice is appearing in this issue of The Star).

The annual report of the provincial sanitary inspector was received and turned over to a committee to deal with, after which it will be published for the information of the ratepayers.

A delegation in the persons of Mesdames H. Pawling and G. L. Hudson, and Messrs E. Cork and P. Laird waited upon Council with regard to a memorial clock which is being erected by that organization in honor of Wainwright's fallen heroes of the Great War, and Councillors Fish, Huntingford and Yeager were appointed as a committee to confer with the I.O.D.E. regarding the matter and render what assistance was desired, the motion being carried.

Yeager-Fish—That the report of the memorial delegation be received and a committee appointed to go into the matter more fully with the local chapter of the I.O.D.E. with power to endorse the action of the memorial committee.—Carried.

Huntingford—Yeager—That this committee acknowledge the visit of the delegation of the I.O.D.E. by endorsing their action and commending their efforts for the completion of a suitable memorial to the soldiers of this district who fell in the Great War.—Carried.

Under the reports from the various committees, place regarding the crossing at the corner of Queen and Third was now in fairly good shape and that the committee had under advisement several other bad crossings and places which would be attended to in due course.

Councillor Davison, reporting for the rink committee stated that on account of the danger to the smaller population the cover of the manhole of the tank at the rink, which was in bad shape, had been renewed and the thing fixed up.

Councillor Yeager reported for the Fire, Water and Light Committee, and among other items mentioned that there were still a number of would-be users of electric light who were waiting to be given service from the town's utility. Power was desired too for a number of motors.

A long discussion took place regarding the needs existing for an extension to the present plant, it being shown that as now worked there is no "stand-by" plant at all, and a breakdown would prove a serious inconvenience to the ratepayers.

Yeager-Fish that report be received and action taken by the Council.—Carried.

At the close of the discussion it was decided Huntingford—Yeager—That the Fire Water & Light Committee be authorized to go fully into the matter of the installation of a complete new electric light plant and draft a bylaw covering same for presentation to the Council.—Carried.

The Finance Committee reported bills and accounts amounting to \$8529.90 and

Huntingford—Yeager—That report of Finance Committee be adopted and that cheques be issued covering the several amounts as set out in the report.—Carried.

Councillor Fish reported re the operation of the rink for the past season, the report showing that

the receipts had amounted to the sum of \$793.10 while the expenditures had amounted to \$236.28. The insurance, however, was not allowed for in this amount, and a motion by

Fish—Davison—That the report be accepted and filed.—Carried.

Councillor Fish brought up the matter of the town band, and stated that it was the intention of this organization to place themselves under a business manager, so that the band would become self-supporting if possible. He mentioned that it was proposed to hold a town's meeting in this regard, and as the band was a first-class asset to the town and community he desired the support of the whole of the citizens. The matter of other organizations was mentioned, and

Davison-Fish—That the Council make a donation of \$25 towards the banquet to be given to the hockey team.

This motion was presented to Council, but it was shown by the Mayor that town funds could not be used for such purposes and it was then withdrawn.

The matter of the collection of dog taxes for the year was introduced and the matter having been discussed.

Yeager-Huntingford—That the secretary be instructed to place notice in the local paper informing dog owners that dog tax is now due, and payable by May 1st, and that tags must be procured from secretary at the town hall.—Carried.

Bylaw No 134, defining the duties of the secretary-treasurer and setting the salary of that officer, and Bylaw No 135, defining the duties of the electric light superintendent and setting his salary, were brought in by the Bylaw Committee, but some discussion arising as to the salaries, and the hour being late, this business was left over for a special meeting.

The Council then adjourned.

WEDDING BELLS

A quiet little wedding took place at St Luke's church at 5 a.m. on Monday morning when the Rev Father Lennox performed the nuptial ceremony between Miss Adeline Bouchard and John Norman Bissone, both of Wainwright. The blushing bride was given in marriage by Mr O.L. Michon, the groom being supported by his brother Mr T. Bissone. After a wedding breakfast had been served at the home of Mrs O. Michon, the happy couple left on the early morning train to spend a honeymoon at Edmonton and Calgary. They will take up residence in town on their return.

PRESENTATION TO REBEKAH MEMBERS LEAVING TOWN

In view of the fact that Mr and Mrs R. Kenny left town on Monday last to take up residence in Edmonton, the officers of Adeline Rebekah lodge met at the home of Mrs W. Foster on Saturday evening to bid farewell to both Mrs Kenny and her daughter Sophie, both of whom have been faithful members of that body.

In saying "Good-bye" the following address accompanied by a silver cake dish was presented to Mrs Kenny, while a gold brooch was the gift of which Miss Sophie was the recipient:—

Dear Mrs Kenny, Accept this little gift as a token of appreciation and remembrance from the members of Adeline Rebekah lodge, No. 54.

This we are sorry to see you leave us but mildly expresses our feelings on this occasion and both yourself and Mr Kenny will not son be forgotten by us.

Your cheerful and unflinching help has been, no small assistance in the upbuilding of our lodge, and we are assured that you and your family have the very best wishes of all the sisters and brothers as you go.

Signed by the officers of the lodge.

EASTER SEASON IS FITTINGLY MARKED AT LOCAL CHURCHES

ST. THOMAS

The Holy Friday and Easter day services at St. Thomas (Ang) church were very spiritual in character and largely attended, the solemn ritual for Good Friday being feelingly rendered by the Rev E. H. Maddocks, of Edmonton. Where sermon was much appreciated. The "Story of the Cross" was rendered by the choir.

On Easter day there was a celebration of Holy Communion at 8.30 a.m. which was well attended, while at the 11 a.m. service the sacred edifice was full to the doors. The singing was exceptionally good, and there was an atmosphere of brightness about the service which seemed to fully fit the Easter spirit. At this service Mrs G. L. Hudson rendered an appropriate sacred solo in her usual inimitable manner, the accompanying band played by Mrs A. Mills. The altar was graced with some most beautiful flowers presented to the church.

The evening service was also well attended, and the offerings for the day exceeded \$75.00.

ST. ANDREW'S

The services at St. Andrew's (Pres.) church on Sunday were fully in keeping with the Easter spirit, the Rev S. Davies preaching powerful sermons both morning and evening to overflowing congregations.

The special music by the choir was all very capably rendered, and the morning solos by Mrs A. Hoare and Miss L. Fraser left nothing to be desired. The morning anthem "Conquering Kings" (Mauder) proved a pleasing rendition of this typical Easter composition.

At the close of the morning service before the full church, the pastor conducted a baptismal service. Masters John Douglas Bryant, Walter Charles Huntingford and Howard Thomas Brown being entered upon the church roll.

The evening service at this church again saw the edifice crowded to extremity, the seating accommodation having been augmented for this occasion, and the service was of a character in keeping with the spirit of the resurrection. The pastor spoke at length on "The Great Survival," likening the Passion of so many years ago to the unflinching repetition of nature each Easter season. He showed that only by being "born again" can man enter the Kingdom of Heaven, and that each would, at this reviving period in nature, turn again to a new page in life—a new record in spiritual things.

Mrs G. L. Hudson, who sang the aria in the anthem "Seek ye the Lord" (Roberts) was possibly never in better voice, and she was listened to with rapt attention, the choir carrying well the choral accompaniment. Gounod's "Praise ye the Lord" was another anthem given and this was rendered in a praiseworthy manner, the evening solo "Calvary" (Rodney) being sung by Mr W. Huntingford.

GRACE CHURCH

The scholars and teachers of Grace Church Sunday school arriving at church on Sunday morning were made to realize that it was Easter Sunday immediately upon entering the building. The pulpit and communion rail were enveloped with plants. The Royal Daughters Class under Mrs H.W. McLeod had on Saturday night brought many beautiful house plants, sheafs of pussy willows and baskets of colored Easter eggs, to fittingly commemorate the resurrection and the return of spring.

This same class nicely rendered Golden Harps are Sounding and "Easter Time". The last named contained solo parts sung by Ruth McLeod and Ada Renville and was accompanied on the piano by Lillian Bloom. Despite the fact that several families were away on holidays there was a good attendance.

The Sunday school session was followed by communion service conducted by the pastor.

In the evening a large congregation almost filled the church for the special Easter service. The Rev N. F. Priestly spoke on the subject "Immortality". An anthem was given by the choir entitled "Gethsemane" Mrs C. H.

LOCAL NOTES

Fire insurance carefully attended to.—Joe Welch.

Mr H. Smart has the material on the job for a new verandah to be built on his property by McKay and Isted.

Miss Muriel Kemp is the new assistant in the post office, vice Miss Kenny who left for Edmonton with her parents on Monday.

We are sorry to learn that Miss M. Donovan is suffering from an attack of acute gastritis, and extending hopes of a speedy recovery.

The season's programme at the Cattalo farm in the park includes building additional accommodation, and the teams were hauling the lumber from the Atlas yards this week.

The date has now been definitely decided, and the local Dramatic club will produce their play "A Little Bit O' Color" at the theatre on Friday May 12th.

On Sunday next Rev H. Wilson will be at Heath, and on this account no church service will be held in St. Thomas'. From Sunday May 7th, through the kindness of friends, a motor service will operate to Heath, and this will do away with the necessity of closing up the Wainwright church once each month. The vicar will be in the Heath portion of his parish until next week.

EXAM RESULTS & PUPILS STANDING W'GHT SCHOOLS

The following is the standing of pupils in the grades shown with names in order of merit.

GRADE III.

M. Haire; M. Priestley; Q. Chee; C. Cooper; H. Casper; P. Romo; A. Dahlgreen; G. Laderoute; H. Lindstree; V. Maddier; R. Burnett; P. Stuart; R. Coffield; F. Bogatie; V. Lilly; P. Burnett; C. Bishop; H. Casper; P. Wilkins; L. Goutier; C. Gordon; V. Casper; M. Bissone; B. Forsyth.

Not Classified—B. Boudreau; F. Boudreau; J. Davison; K. Bear.

GRADE IV.

F. Coombes; V. Boudreau; A. Duncan; J. Rosholt; D. Forster; J. Alm; A. Alderman; H. Bagnal; E. Wright; C. Ramey; M. Herbert; H. Tansley; J. Forster; B. Rosholt; V. Walton; V. Hamilton; W. Bishop; N. Gordon; S. Lerloue.

Miss L. M. Mabey (Teacher)

N. Rudd; S. Romo; M. Horne; V. Taylor; A. Wermund; M. Milner; L. Prosser; J. Laderoute; V. Bissone; C. Frates; M. Terpening; C. Aykroyd; K. Horne; E. Barton; H. Lake; E. Dupre; L. Aykroyd; K. Snyder; J. Sutherland; R. McLeod; I. Mills; E. Kemp; J. Wilkins.

GRADE V. B

M. Beckett; W. Lilly; A. Renville; A. Watson; G. Haynes; V. Hamilton; N. Merrick; E. Springer; Sangho Hong; I. Love.

Miss Vera E. Lippert (Teacher)

GRADE VI. A

G. Welch; H. Clipston; H. Laird; M. Steel; V. Stuart; I. Milner; M. Suckling; L. Mabey; V. Coffield; M. Haynes; W. Forster; B. Rosholt; J. Gordon; A. Wiley; H. Murray; B. McKay; A. McLeod; A. Horne and J. Taylor.

Not Classified—F. Lockwood.

GRADE VII.

M. Fish; L. Bloom; I. Lilly; A. Spence; K. Hart; G. Mills; P. Wilkins; L. Boyd; R. Prosser; J. Sutherland; D. Lake and J. Carroll.

Not Classified—M. Monahan.

Miss H. J. Mallett (Teacher)

Rowe sang beautifully the solo "Tears of Christ". At the close of the service an illustrated song service was given by the pastor assisted by the choir and four G.I.T. girls. Pictures shown on the screen by a stereopticon lantern set forth four parables of Jesus: The Sower—scripture read by Miss Florence Tury; The Talents—read by Miss Edythe Love; The Good Samaritan—read by Miss Mary Fish; The Great Supper—read by Miss Carolyn Rosholt. At the end of each reading the choir accompanied by Mrs Telford at the piano sang a familiar and appropriate hymn.

REVENUE FROM NEW TAXES OF PROV. GOVERNMENT

Approximately one million dollars is what the provincial government expects to get from new taxes which have been approved by the legislature.

The new tax of two cents a gallon on gasoline is expected to yield at least \$200,000 after it comes into effect May 1.

The doubling of the provincial tax on coal by another five cents a ton, will practically double the revenue from this source, which amounted to \$275,000 in 1921, when production was at a low ebb. By imposing a tax on grain elevators, the government will derive about \$45,000 from an entirely new source.

Higher rates established under the amusements tax will boost the collection of \$181,000 made in 1921 to well over \$265,000 this year, it is anticipated.

Increasing the taxation of the fire and life insurance companies from one to two per cent on premium returns will bring in approximately \$220,000 this year instead of \$110,000 as in 1921.

The tax on express companies is advanced from \$2.50 to \$5.00 an annually in Edmonton and Calgary with a higher schedule for smaller centres in the province. Telegraph companies are required to pay on a basis of two instead of one per cent, as in the past. These increases will mean additional revenue of about \$15,000.

Under an agreement with the C. P. R. in respect to the tax on provincial mileage, the company will pay \$135 a mile instead of \$100 a mile in taxes this meaning \$38,000 extra. Last year the railway mileage tax brought in \$188,700 from the C. P. R. alone, the tax on the Canadian National lines being still in dispute in the courts.

The license now imposed on produce merchants is an entirely new tax, but at the nominal fee of \$10 is not expected to produce more than \$10,000 in revenue.

Under the new schedule of collections under the succession duties tax branch, it is expected the revenue will be about \$25,000 more this year. Restaurants and places of refreshments in cities and towns are required to pay a license of \$10 yearly, with \$5 for such places in villages. Liquor export concerns must pay a license of \$2,000 for each warehouse, with a surcharge of over \$2 a gallon for all stocks of 1,000 gallons on October 1st. From these two new sources a revenue of probably \$75,000 will be obtained.

While the taxation rate on joint stock companies was increased from twenty cents to forty cents for each thousand dollars worth over \$20,000 the new rate will not come into effect until January 1923, and the maximum remains at \$800, so many of the larger companies in the province will not be called upon to contribute any more than they at present are doing.

WAINWRIGHT OIL DEVELOPMENT COY. IS NOW FORMED

An inaugural meeting was held on Friday last for the purpose of forming the Wainwright Oil Development company, and all shareholders were present.

The charter of incorporation was presented to the meeting, and the articles of association were drawn up and agreed to.

In the appointment of directors of the new company the following were elected:—President H. V. Fieldhouse; vice-pres.: H. W. Crampton; sec-treas.: C. A. Walton; trustees: J. Welch and R. Hunter.

The company is capitalised at \$50,000 and it is decided to start work as soon as the drill (which is already purchased) arrives here.

This is "putting Wainwright on the map" as a surety, for we understand that the first hole will be drilled within a mile or so of town.

WAR MEMORIAL TO FALLEN BOYS NOW IN HAND

THE MABEY FARMS SHOW PRIZE STOCK

The farm of Harry Mabey is again to the fore with prize winning stock, and at the Spring show in Edmonton, the second prize in the Federal Dept of Agriculture Special was the proud award carried off by "five fat steers, 1,200 lbs or over." In addition, Mr. Mabey's exhibit at 1,000 lbs or over took first prize at the same show.

I.O.D.E. GIVE VERY PLEASANT CALICO BALL

Quite a large crowd was in attendance at the "Calico Ball" which was staged by the local chapter of the I.O.D.E. in the theatre on Monday evening.

The orchestra, comprised of Mrs J. Telford and Messrs Stott and McKay, was all that could be desired, and the decorations of the hall added to the attractiveness of the affair.

Great credit is due to those responsible for so pleasant a "get together" and others of this nature will be looked for.

The committees were as follows:—Music, Mesdames Pawling, Wallace and Hudson; decorations, Mesdames Mills, Hudson, B. Laird and W. Wallace; refreshments, Mesdames Lassell, P. Laird and Turner; and reception, Mesdames Lassell, Pawling and Kenny.

GREENSHIELDS ITEMS

Edith Wild, Mrs H. P. Jackson By way of a farewell to Miss Edith Wild, a few friends at dinner on the evening of the 14th. Later in the evening the guests repaired to the home of Mrs L.E. Rean where quite a number were assembled for a farewell dance. A merry time was spent and dainty refreshments served. The many friends of Miss Wild regret her departure, and she will be missed from the circle.

Mr and Mrs W. Morrison are entertaining as their guest their nephew Mr Randolph Morrison, of Toronto.

The Greenshields Community Club were entertained on Tuesday the 11th by Mr and Mrs Lake and Mr A. Wilkie in the latter's new barn. The whole affair was most enjoyable, the music and the floor being good, and the supper lunch of the best. The club take this opportunity of thanking the host and hostess for the good time and also the orchestra for the splendid music.

PARAMOUNT STAR HAS NEW PART IN CRADLE OF COURAGE

In "The Cradle of Courage" which comes to the Elite theatre tonight and tomorrow, William S. Hart, the famous Paramount star appears as a policeman, one of the most striking roles he has had in many months.

It is a complete departure from his recent western dramas, but none the less effective, for it gives him a characterization that places heavily demand upon his dramatic power. As a result he is certain to elicit new praise from the thousands who have admired his splendid portrayals for seasons past and who will welcome his new productions with open arms.

This is the third of his personal productions for Paramount, and is regarded as fully up to the high standard set by "The Toll Gate" and "Sand". The two preceding pictures.

The "Barbary Coast" in San Francisco, the haunt of the submerged tenth, the underworld habitues, crooks and others, is the scene of the story which shows the transformation of a man in the vortex of great events, how he wins honor and love after youth spent in the lowest circles of society.

After a deal of thought and real hard work the local chapter of the I.O.D.E. have now decided upon the memorial clock tower which is to be erected at the intersection of Main and Second.

This beautiful memorial of esteem and regard will be some twenty feet in height over all and will be six feet square at the base and consist of base, plinth and shaft, surmounted by four-foot clock housing bearing four 36-inch clock faces.

The clock, which will carry illumination dial so as to be lighted up at night, will be governed by a master clock, and is being made by the world-renowned firm of Gillet and Johnson, of Croydon, England, whose guarantee is surety of satisfaction and time-keeping qualities, and who have made and erected such clocks as this for the Toronto city hall and for several town halls in the Old Country. The clock in the tower will be electrically controlled through the master clock, and this can be placed anywhere with in 300 feet.

The base, 18 inches high, will be of re-inforced concrete with a four-foot granite plinth above, from which will rise a shaft some five-feet in height, and the tower will be headed, with ornamental finials of suitable design. Mr P. Laird has charge of the erection, while Mr E. Cork will look after the clock and movements.

THE EXAMINER'S WEEKLY REVIEW OF PROVINCIAL MARKETS

(Thursday April 13th, 1922)

CATTLE
Beef—Prices at Edmonton steady on beef and on good stuff stronger, with good choice heavy and light steers in demand; choice heavy, \$5.75@6.25; choice light, \$5.50@6.00; good, \$5.00@5.50; medium, \$3.50@4.00; common down to \$2.50. Choice cows, \$4.00@4.50; good, \$3.50@4.00; medium, \$3.00@3.50; common and canners down to \$1.25@2.50. Choice heifers will make \$5.25. Not many bulls, with range on top \$2.00@2.50 common down to \$1.25. Calves scarce and choice veal at premium, \$7.00@8.00; common, \$3.00@4.00. Stockers and Feeders—Demand better, with choice feeders, \$1.50@2.00; stockers, \$2.50@3.50. Stock cows, \$1.75@2.25.

HOOGS

Prices have been advancing at Edmonton, with Wednesday's sales \$11.75, and market looks strong.

SHEEP

Receipts light at Edmonton; choice lambs will bring up to \$11; wethers, \$7.50@8.50; ewes, \$5.50@6.50.

GRAIN

What prices have been running higher during the week, but there does not appear to be any certainty to the market. The advancing season of this continent is likely to play a considerable part in determining values. U.S. winter wheat reports are very conflicting, but the crop is likely to be better than was expected. Canadian conditions look favorable for spring, at least so far as districts where lack of moisture affected the crops last year. Practically no seeding yet in Alberta, though some attempts have been made to sow the land.

Eggs—Good retail demand and strong, now being general have advanced Calgary prices to 22¢@24¢; too many small, dirty eggs coming in.

Butterfat—Edmonton territory not getting much increase; prices unchanged at 38¢, 38¢ and 27¢. Creamery Butter—Good demand, but no outside orders filled yet; prints quoted 29¢ and cartons 40¢. Cheese—Good demand for Alberta make, and if quality maintained will hold; large, 20¢; twins 20¢; triplets, 21¢. Eggs—Large receipts and active consuming demand; not much storing yet; quotations from \$0.25@0.50. Poultry—Receipts very light.

HIDES

No improvement in trade outlook; green salted butcher hides 3¢.

Government Is Taking Active Steps Regarding Wheat Marketing Plans

Ottawa.—The report of the agricultural committee of the House recommending reference to the Supreme Court of the constitutionality of re-appointing the wheat board, goes back to the committee for further consideration. The committee will also have extended powers of investigation. It will now be authorized to inquire not only into re-establishment of the old wheat board but also into the creation of a voluntary pool and the marketing of wheat by the co-operative system. Decisions in this regard were reached by the House after some considerable discussion of the committee's reports.

Right Hon. Arthur Meighen pressed the point that if there were reference to the Supreme Court a delay would be occasioned and a wheat board, if established, not in a position to handle the crop of the coming season. He proposed that the committee should reconsider its report.

Hon. T. A. Cregar, leader of the National Progressives, agreed that urgency was necessary. He had no objection to referring the report back to the committee, but nobody wanted a wheat board formed which might afterwards be unable to act.

Premier King added that several members of the committee, he understood, wished to reconsider the report, and he had to reason to object to such a course being followed.

After more discussion, the House then referred the report back. A further report, recommending the wider powers of investigation indicated was adopted without discussion.

W. J. Kay (Liberal, Mississauga), introduced the subject by moving the adoption of the second report of the select committee of agriculture and colonization, which has the wheat problem before it. This report recommends that "without delaying investigation by this committee as to the advisability of the re-establishment of the Canada Wheat Board, the matter of the constitutionality of such re-establishment be referred to the Supreme Court of Canada and that every effort be made to secure decision at an early date."

New World Record

Brookville Ont.—Echo Sybilis Laura, senior, two-year-old heifer owned by W. D. Wright, has created another world record, this time in the thirty-day class, producing 741.10 pounds of butter in the test which closed April 1st. This heifer recently set the world's seven-day record in her class.

FRENCH DELEGATES TO GENOA WILL NOT BE ARMED WITH FULL POWERS

Paris.—The French delegates are going to the Genoa conference without full powers, it develops from reports of Premier Poincaré's final instructions to them. This decision of the Government is being much discussed in political circles, where it is looked upon as likely to develop complications.

It is remarked that the Allied premiers, when they met at Cannes and decided to call the conference, insisted that the Russian Soviet Government must send delegates with power to negotiate. The Russian delegation, therefore, it is declared, would be justified in taking exception to the presence of the delegation of an important state without full powers.

It is explained by persons close to the premier that he was obliged to make strict reservations regarding the powers of the French delegation because of the sensitiveness of Paris.

Mounted Police To Be Excluded From Scope Of Military Organization

Ottawa.—After further discussion the bill to create a department of national defense went through committee stage in the House and stands for third reading. An important amendment excludes the Royal Canadian Mounted Police from the scope of the bill and the new department will, therefore, comprise the militia, naval and air force.

When the bill was last before the House, objection was made to the inclusion of the Canadian Mounted Police on the ground that it was essentially a civil organization. Hon. George P. Graham, who was in charge of the bill, himself moved the amendment and it was carried without objection. Another amendment made affects the superannuation allowance of officers to be retired. The original bill authorizes the Government in such cases to add from one to three years to the actual term of service. An amendment reduced the years which

Want British Embargo Removed

Alberta Breeders Also Urge Reciprocal Trade With States

Calgary, Alta.—At the annual meeting of the Alberta Cattle Breeders, held here, resolutions were passed urging the Dominion Government to open negotiations with the American Government for reciprocal trade relations in livestock and livestock products and to continue to press for the removal of the British embargo against the entry of Canadian cattle. It is especially asked that pending the removal of the embargo, arrangements be made for shipment of Canadian fat cattle for slaughter to interior points in Great Britain under a permit system, thus making it possible to have Canadian beef offered to the British consumer as fresh killed beef.

The association went on record as in favor of the abolishing of all commercial cattle.

Transportation problems took up considerable attention at the hands of the cattle breeders. A resolution was passed asking for further reduction in rail and ocean transportation costs.

Another request went to the railway companies asking that through mileage rates be allowed for feeders who wish to ship stocker cattle and sheep into feedlots for a 120 day period and then send them on to market.

Attempted Bank Robbery

Winnipeg.—An unsuccessful attempt was made by two young men to rob the branch of the Bank of Nova Scotia at St. James, a suburb of this city. One of the bandits fired at R. W. Doig, the teller, who groined for his revolver on being commanded to throw up his hands. His head was grazed above the eye. The two men escaped.

Report Was Exaggerated

London.—Winston Churchill, the colonial secretary, stated in the House of Commons, that the steamer Union which was seized off the Irish coast last week by raiders, who stole its cargo in some unknown place, contained not more than 25,000 rounds of ammunition. The vessel originally was believed to have carried 500,000 rounds.

It was to patronize home industry. Buy from the merchants in your own town.

Angora Accepts Peace Terms

Constantinople.—The Turkish Nationalist Government at Angora has accepted with reservations the armistice propositions recently made by the Allies, the Allied powers' representatives here have been informed.

Genoa.—George Chicherin, Russian Soviet foreign minister, Maxim Litvinov, deputy foreign minister, and the other members of the Russian delegation to the Genoa conference traveling with them, arrived at Genoa from Berlin. The party, which numbered 25 persons, did not leave the train here, remaining on board as it proceeded to Rapallo, 15 miles south-east of this city, where the delegation is to be quartered.

Enters Name For Henley Race

Duluth, Minn.—Walter Hoover, of the Duluth Boat Club, amateur single scull champion, has entered his name in the English Henley race to be staged on the Thames, in London, June 30. It was announced here.

Japanese Delegates to Genoa

Tokyo.—The appointment of Baron Hayashi, ambassador to France, Viscount Ishii, ambassador to France, and Kogo Mori, financial commissioner in London, as the Japanese delegates to the Genoa conference, has been officially confirmed. Baron Hayashi will head the delegation.

British Election Postponed

Toronto.—A London cable to a Toronto paper says: Premier Lloyd George and Auston Chamberlain, leader of the Conservative party, have reached an agreement to postpone the general election in England until autumn. It was authoritatively announced.

"Sure Oi Don't Know Whether Oim Free Or Johnny Bull Is Free"

London.—Lord Lee of Fareham, first lord of the admiralty, in an address before the Institution of Naval Architects, dwelt on the Washington armistice conference with regard to the navies of the world. The Washington conference, said Lord Lee, "has not ended navies; but it has taken all the heart out of competition."

Naval Competition Ended

London.—Work for 20,000 men for two years will be provided by the underground groups of railways in this city which soon will commence important extensions.

Track Meet in Saskatoon

Saskatoon.—Annual track and field meet of the Saskatchewan Branch of the A.A.U. of C. has been awarded to Saskatoon. The tournament will be held in June. It is the first provincial amateur track meet since 1913.

London Tube Extension

London.—Work for 20,000 men for two years will be provided by the underground groups of railways in this city which soon will commence important extensions.

Has Faith in Future

King George Says People Will Overcome Present Conditions

London.—In a speech in which he said that the patience and energy of the people, combined with a spirit of confidence and good understanding among all classes will overcome the distressing conditions which have prevailed during the past years.

Believe Farmers Would Get Maximum Returns Under Wheat Board

Ottawa.—The farmers of Western Canada have no confidence in the present open grain market system, declared James Robinson, second witness for the Canadian Council of Agriculture, in his evidence before the committee on agriculture. At present wheat was being sold before the wheat was in the ground. Clerks, stockholders, laborers and preachers gambled in wheat options and got their profits out of the farmers' prices. Under a wheat board, the farmers' security is exhausted, and our farmers are bankrupt.

This was a summary of the western farmers' conditions as outlined by H. H. Wood, representing the Canadian Council of Agriculture. Western farmers asked for re-establishment of the wheat board because, they believe, they would get better prices for their wheat. Mr. Wood believed the wheat board would add \$25,000,000 to the farmers' income by handling this year's product.

Farmers did not ask a fixed price, but they believed that the wheat board method would give them an even break in marketing their wheat. The crop would be controlled, in its flow to the market rather than being dumped on the market at threshing time in order that the farmers might meet debts.

Only Formal Notice to France About Payments

London.—The British note to France concerning interest on France's debt to Great Britain, it was authoritatively explained, was not an actual demand for payment of interest but a formal notice that the three years' suspension of interest having expired, Great Britain resumes freedom of further action. Certain countries, it was said, notably Italy and Rumania, were promised two months' notice on any required cash payments, and as Great Britain starts payment to the United States in October, it became necessary that notice should be given.

Protect Rights and Liberties in Ireland

Michael Collins Issues Statement on Behalf of Government

Dublin.—Michael Collins, head of the provisional government, in a statement says the rights and liberties of the Irish people will be protected by the Government of the Irish people if and when challenged or infringed by any disorderly elements in the community. Whatever steps the Government might find necessary to take would be directed by the necessities of the Irish people but, he added, the action must always be based on such necessities, and it cannot be helped if occasionally these actions appear strange to outsiders.

Publication of news relating to the Irish republican army is prohibited by a notice issued by the publicity director of the army on behalf of the executive council this evening.

The notice, which is addressed to the Dublin newspapers and representatives of British and foreign newspapers and news agencies, follows:

"You are hereby notified that publication of any matter relating to the Irish republican army is prohibited, unless it has been passed upon by the publicity department of the Irish republican army."

German Tax Scheme Approved

Finance Minister Says Burden Imposed is Without Parallel

Berlin.—No nation ever wrote taxation legislation of such magnitude on its statute books as does Germany now that the Reichstag has given its final approval to the Government tax scheme, said the finance minister, Andreas Hermes, to the deputies, in thanking them after the conclusion of the third reading of the measures which approve a compulsory loan, of one billion gold marks and the adoption of which automatically makes effective fourteen major tax laws.

Herr Hermes declared the tax burden imposed on the German people was without parallel in history and would demonstrate to the world that the German people were prepared to assume the financial obligations growing out of the last war.

The taxation laws, which received the Reichstag's final approval have been in the making for more than a year, yet hardly anyone in Germany possesses even an approximate idea of the extent to which the individual is affected directly or indirectly by the various taxes which the Government's experts have devised in an attempt to discover previously unlooked for sources for revenue.

Settlers for Western Canada

Winnipeg.—Western Canada recently welcomed the first contingent of its 1922 army of settlers when 350 persons—men, women and children—arrived here. Three hundred of the immigrants came from Europe and 50 from Russia, Minnesota. All these settlers will go on the land. Manitoba's share of these settlers was a former group of 111 persons. Additional parties were bound for Saskatchewan, Alberta and British Columbia.

Celebrate Canada Week

New York.—The Kiwanis Club of New York celebrated the International Kiwanis Club United States Canadian week at a luncheon held with a large and representative attendance. The object of the week is to promote in each country a better understanding of each other. Everyone present was supplied with a booklet descriptive of Canada.

Japanese Delegates to Genoa

Tokyo.—The appointment of Baron Hayashi, ambassador to France, Viscount Ishii, ambassador to France, and Kogo Mori, financial commissioner in London, as the Japanese delegates to the Genoa conference, has been officially confirmed. Baron Hayashi will head the delegation.

British Election Postponed

Toronto.—A London cable to a Toronto paper says: Premier Lloyd George and Auston Chamberlain, leader of the Conservative party, have reached an agreement to postpone the general election in England until autumn. It was authoritatively announced.

Has Faith in Future

King George Says People Will Overcome Present Conditions

London.—In a speech in which he said that the patience and energy of the people, combined with a spirit of confidence and good understanding among all classes will overcome the distressing conditions which have prevailed during the past years.

Believe Farmers Would Get Maximum Returns Under Wheat Board

Ottawa.—The farmers of Western Canada have no confidence in the present open grain market system, declared James Robinson, second witness for the Canadian Council of Agriculture, in his evidence before the committee on agriculture. At present wheat was being sold before the wheat was in the ground. Clerks, stockholders, laborers and preachers gambled in wheat options and got their profits out of the farmers' prices. Under a wheat board, the farmers' security is exhausted, and our farmers are bankrupt.

This was a summary of the western farmers' conditions as outlined by H. H. Wood, representing the Canadian Council of Agriculture. Western farmers asked for re-establishment of the wheat board because, they believe, they would get better prices for their wheat. Mr. Wood believed the wheat board would add \$25,000,000 to the farmers' income by handling this year's product.

Farmers did not ask a fixed price, but they believed that the wheat board method would give them an even break in marketing their wheat.

The crop would be controlled, in its flow to the market rather than being dumped on the market at threshing time in order that the farmers might meet debts.

Pay Last Tributes To Sir John C. Eaton

Public Demonstration of Mourning is Witnessed in Toronto

Toronto.—All classes of the community from shopgirls and laborers to legislators and members of the judiciary, gathered to pay last tributes to the memory of Sir John C. Eaton, whose body was laid to rest in the family mausoleum, a stately structure of Scottish grey granite in Mount Pleasant Cemetery here. Representatives of the Federal Parliament, the Ontario Legislature, Toronto city council, the military, the judiciary, the universities, the hospitals and practically all religious denominations attended the funeral service in the Timothy Eaton Memorial Methodist Church, and followed the remains to the cemetery.

Toronto perhaps never before witnessed such a public demonstration of mourning for the passing of one of her citizens. It is estimated that 50,000 people at one time were banded in the vicinity of the church, waiting for an opportunity to enter. The procession was uninterrupted for two and a half hours when the doors closed to prepare for the funeral service. Four prominent ministers, representing different denominations, had a part in the service, including the pastor of the Eaton Memorial Church, Rev. C. A. Williams.

Britain Is Facing Industrial Strife

Unless Engineering Dispute Settled Millions Will Be Idle

London.—A gloomy picture of the British industrial situation is presented in the number of Commerce's summary of banking and economic conditions for March.

After some months of peace severe industrial strife is again experienced. The question whether 600,000 skilled engineers will be forced into idleness hangs on negotiations between the employers and the unions, brought about by the intervention of Premier Lloyd George.

More than a million persons will be idle unless a settlement is speedily reached, the report points out. The engineering dispute is concerned with the question of overtime, while the shipbuilding workers are affected due to a bonus reduction, by about 100,000 men.

Ships docking for repairs already are being diverted to foreign ports.

The effect on unemployment returns will be serious the chamber points out. Registered unemployed persons on March 29 numbered 1,262,076 which figure, although large, was a reduction of 172,000 from that of ten weeks before.

Foolish Saving

A penny saved is not always a penny earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate glass windows is not looked on as lost; nor is the money spent on better interior lighting.

Anything that increases favor, that adds to sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment—just as plate glass windows are. Advertising sells more goods to more persons than shop-windows do.

A WORD TO THE PUBLIC

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, is not your impulse to respond to his friendly overtures.

MORTGAGE SALE OF FARM PROPERTY

Near Wainwright

Pursuant to the Judgment and Final Order for Sale, there will be offered for sale subject to the conditions and reservations expressed in the Original Grant from the Crown or in the existing Certificate of Title, and excepting mines and minerals, with the approbation of a Judge of the District Court of the District of Edmonton, by STEPHEN R. BOWERMAN, Auctioneer at the Town Hall, Wainwright, in the Province of Alberta, on SATURDAY, the 29th day of APRIL, A.D. 1922, at the hour of 2.30 o'clock in the afternoon. The South-West quarter (34) of Section Twenty (20) in Township forty-three (43) in Range six (6) West of the Fourth Meridian, containing by admeasurement 160 acres more or less, and reserving thereout all mines and minerals.

The Vendors are informed that the property is situated about seven miles from the town of Wainwright, and about three miles from Ascot school. About

60 acres of the lands are fenced, about 20 acres are broken and were in crop last year. About 25 or 30 acres more could be profitably broken; the rest is fit for pasture. The soil is sandy with sand subsoil. One storey frame dwelling 14x24 and frame barn with board roof 20x32 are situated on the premises.

The sale is subject to a reserve bid fixed by the Judge. Terms of Sale—Ten per cent of the purchase is to be paid at the time of sale and the remainder of the purchase price within 60 days without interest, or in the alternative a mortgage for \$450.00 for 3 years at 10% and the balance of the purchase price to be paid into Court within 60 days without interest; and upon payment of the said balance (or upon execution of the said mortgage and payment of the balance as aforesaid) the purchaser shall be entitled to a vesting order and to be let into possession at his own expense.

In other respects the terms and conditions of sale will be the standing conditions of sale of the Supreme Court as approved by the Master in Chambers.

For further particulars, apply to the Auctioneer, or to
HUMPHRY P. MAY
Wainwright, Alberta.
Solicitor for the Vendor.

Dated at Wainwright this 27th day of March, A.D. 1922.

R. P. WALLACE
Clerk of the Court.

COMMUNITY MUSIC CAN BE ASSISTED BY THE LOCAL

Community music is among the big ideas of the present day. The problem in most towns is how to get it. The town that has a band even if its on the road to being a good band, is always sure of being able to get community music. The band is a natural little conservatory in itself. Take a census of the players and you may find that the lead cornet sings a fair solo, the clarinetist can play the piano, the piccoloist draws a middling good bow on a violin, and even the bass drummer can transpose music from one key to another, from sharps to flats and back again. Give these men a chance and they can teach one another a good deal just by talking together and exchanging notes. Give them more than a chance and they can teach the rest of the people things they may be glad to know. Give them still more chance and they can create entertainments for the town that the people will be glad to pay money to hear as well as hearing the band play in the park for nothing. Give the band all the chance it can get by way of instruments, uniforms, practice rooms, and popular encouragement, and the band will take hold of the community music idea in a way that will surprise everybody, themselves included. There's a big sensible philosophy of amusement in community music if it's handled right; and the band is the organization to tackle it.—Ex.

WAINWRIGHT, ALBERTA, APRIL 19th 1922.

PRACTICALLY ON

ON THE ROCKS

The Montreal Weekly Witness, now nearly three quarters of a century old, is practically on the rocks, financially, and unless the general public rallies to the support of the publishers at once the publication will cease by virtue of mortgage foreclosure. The publishers, John R. Dougall and Sons, intimate that their financial condition is due to the fact that they have been devoting their energies all these years (and at a loss) for the benefit of the public and for independent thought and moral uplift. Having had considerable experience in connection with the financing of newspaper plants, and printing establishments, we fail to see how any publication or any publisher can possibly be able to champion any policy, especially along reform and moral lines, that is unstable, and has not looked after the practical financial side of affairs. It ought to be an easy matter for a publication to make an appeal to its readers for independence, and secure enough support in order to get out of the mortgage rut in less than 67 years, which is the age of the Montreal Witness. If it were at one time clear of debt, and then owing to some fanatical and fanciful policy of reform plunged itself into debt, with out first having enough backing to see it through the ensuing dilemma, that's its own fault. There are editors who will not accept certain revenue producing business, such for example as tobacco advertising, liquor ads., mining stocks, certain real estate ads., etc. We know printers who will not print a dance poster because they do not believe in dancing. Other editors will not advertise movies because perchance there may be evil suggestions thrown upon the movie screen. Now we have no quarrel with any man who will stand upon his principles, and rise or fall upon his policy, but let such take their medicine, and if they go down as a martyr from their own choice, let them not whine when they see things slipping. Any publisher or publication which is so visionary and idealistic as to be unable or unwilling to look after the material side of business is not in a very good position to strike hard blows in defence of the right against the wrong. Mr. John Dougall and his sons state in last week's Witness that "people get the kind of papers they deserve." Well, we may add that every person gets what he deserves, and it is not an easy matter to conduct business on theory, with only the plea that you are endeavoring to do something to lift a wicked world up from the mire, at the same time appealing to that wicked world to help you do the lifting.

THE CHIROPRACTORS

The chiropractors are now permitted to practise their peculiar spine-massaging method of restoring people to health, within the confines of Alberta. For a year they are allowed to go the length and breadth of the land and adjust every subluxation they may discover on the vertebrae family. Then their efforts will be passed in review before the provincial cabinet and a final decision made as to whether they are a benefit to the genus homo.

Now, The Star is not set up in opposition to the chiropractors. Neither do we proclaim ourselves a champion of the allopaths. But we will state that the allopathic doctors have tended to our real and fancied illness very well for the past few generations. They have lived the lives of the earth's rejected (especially those who minister to rural communities). At any hour of the day or night they are routed out of a warm bed and led, drowsy-eyed and shivering, but unprotesting, to lessen the pain in the baby's stomach, tell dad he will survive for 20 or 30 years yet, soothe the fever from tired mother's brow, or prescribe for the measless and mumps in poor childhood. The allopaths have been good friends and loyal collectors.

Chiropractic has achieved many cures. That is an undeniable truth. They don't use medicine, which perhaps the regular doctors have administered a little too plentifully. The one weakness that appears in the chiropractors' side of the argument is that they are not given sufficient training before being allowed to practise. It seems the medical doctors believe the followers of Palmer should master a more complete knowledge of the human frame than they do before being allowed to juggle the various vertebrae. That sounds reasonable. The science of medicine has gathered a wondrous store of invaluable information concerning the illnesses to which the human flesh is heir, during the last hundred years. If only as a precautionary measure, the chiropractors should not be allowed to unlimber all their batteries without possessing a passable knowledge of these medical discoveries.

A FEW HINTS

ON INCUBATION

(Experimental Farms Note).

It looks as though incubation results should be at least average this year. The winter has not been very hard on the poultry and as a rule the production has not been very high, and if the best of the breeding stock is used the results should be satisfactory. There will be the difficulty this year even more than last that the fall in prices of eggs which will be due about the time most people are hatching will have a tendency to discourage poultrymen from incubating as many eggs as they had intended. This drop in price can only be expected as the price for eggs has been extremely high, considering the prices for other farm products and the cost of feed. This drop then should not discourage people but should be a warning that they must prepare for lower prices. They must cut down their cost of production and one of the first things they must see to in order to cut this cost down is that they hatch only from the best.

For a number of years the results on the Experimental Farm System have been best from April hatches, that is, with the American breeds. The lighter breeds can be hatched a few weeks later with good results.

Not only do April hatched chicks give the best hatch but they also give the least mortality, and when the April hatched pullets go into winter quarters they give the winter account of their selves.

Late hatched stuff is not good and should not be considered especially in a year like this when prices are going to be much lower than usual.

As a rule, natural incubation is satisfactory where a limited number of chicks are being reared, say less than 100. There is, however, much to be gained by the adoption of system even in natural incubation.

Without a doubt artificial incubation has been the means of putting the poultry industry on a business basis and artificial incubation should be used in a general way where you are rearing say more than 100 chicks.

TREAT FOR WILD OATS

(Experimental Farms Note).

Wild oats will not germinate except during the spring and early summer, they will not germinate on top of the ground nor below a depth of three or four inches and they will not germinate in soil deficient in moisture and wild oats will retain their vitality in soil for several years. These are the facts on which must be based the methods of treating land infested with wild oats. To treat wild oats they must be induced to germinate and this can only be done in the spring within the top three inches of soil.

So soon as the crop is taken off shallow plough the land or double disc it and as early as possible in the spring harrow it and leave till the wild oat plants show above the ground which may be any time between the first and the fifteenth of May depending upon the season. Plough to a depth of 3 or 4 inches and sow barley or oats for green feed and very few wild oats are likely to appear in the crop.

If the land being treated is intended for fallow proceed exactly the same way till May and then instead of ploughing, shallow apply the duckfoot cultivator or double disc and early in June plough 5 or 6 inches deep. Keep the weeds down for the remainder of the season and very few weeds are likely to appear in the grain crop of the following year. To thoroughly eradicate wild oats follow the summer-fallow with a hoed crop and keep the hoed crop clean of weeds. The hoed crop may be potatoes or turnips or sunflowers. This has been done on various parts of the farm at the Rostern Experimental Station for several years and the grain crop following this is always choice for seed in so far as cleanliness is concerned.

THE SOLDIER SETTLEMENT BOARD OF CANADA

The North West quarter of section (20) Township forty three (43) Range five (5) West of the fourth (4) Meridian, Greenshields P.O.

LOCAL INTEREST HAPPENINGS

Mr and Mrs E. Stott are now
reading in town in the old Biss-
house on Sixth avenue, they hav-
ing moved in from the farm which
has been rented.

Mrs C. Fry, of Saskatoon, with
her children, is here on a visit to
her parents Mr and Mrs C. Redg-
well.

Rev. H. Wilson exchanged pul-
pits with Rev. E. Maddocks of
Edgerton for the Good Friday
services.

Mr W. G. Stott was here from
the city for a few days.

Someone is going to get a
dandy bag of flour for nothing.
See the Armstrong advt. in this
issue and take advantage at once
of this free offer.

Miss Merle Mabey, spent a few
days from Edgerton at the home
of her parents.

Miss Bessie Parsons, of Edmon-
ton, is in town to spend a short
holiday as the guest of Mrs H. Y.
Pawling.

Mr N. S. Kenny was a business
visitor to the city this week.

Mr and Mrs Earl Boyd were in
town from the city to spend a few
days at the home of Mrs G. Boyd.

The Atlas Co. are well prepared
for the coal strike. Their sheds
are filled with Black Diamond
coal and there are 200 loads of
sawed wood in their yards which
will be cut with their new wood
splitter.

Mr C. Ham, who has recently
teller at the Bank of Montreal in
Czar has now quit the banking
business. He is spending a couple
of weeks in town before proceed-
ing to Edmonton to enter the life
insurance game.

Mr W. Glover, of Biggar, was
in town over the week end, and
many were the friends who were
glad to renew acquaintance.

Mr W. Bloom is now the fortu-
nate possessor of a brand new
Chevrolet and is building a garage
for it on Main street.

We are glad to learn that little
Willie Dietrich, who suffered a
broken leg in February last, has
returned from the Misericordia
hospital in Edmonton, and is able
to be around on crutches.

We will print your Butter
Papers at The Star office at T.
Eaton prices. Get your name and
address on your product. Adver-
tising pays!

for the Spring work by using In-
ternational Stock Food. Obtainable
at Wainwright Pharmacy.

Mrs M. O'Connor, of Gilt
Edge, who has been spending the
winter at her old home at Mar-
mora, Ont. is expected home short-
ly.

PUBLIC NOTICE

TOWN OF WAINWRIGHT

NOTICE TO DOG OWNERS

Public Notice is hereby given
that all Owners or Harbors of
Dogs or Bitches are required on
or before the 1st day of May A.
D. 1922, to procure from the Sec-
retary-Treasurer at his Office in
the Town Hall, a Tag with the
License number stamped thereon
which shall be attached to a Col-
lar worn by the Dog or Bitch so
licensed.

Persons neglecting to comply
with the above Notice, are liable
under a summary conviction to a
Fine, and in default of paying the
License Fee required, an order
may be given for the destruction
of such animals mentioned.

By Order of Council
H. Y. PAWLING
Secy-Treas.

3-5

Build a new fence or repair
your old one. The Atlas Co will
make you any size and style of
picket to order.

We learn that Mr Church, who
succeeded Mr. Cluff as manager
of the Imperial Lbr Co. has re-
signed and will leave here as soon
as he can be relieved.

The best Spring tonic for
horses, cattle, pigs poultry, etc.,
is International Stock Food from
the Wainwright Pharmacy.

Mr A. Lackey is back after a
winter's vacation in the east. Al-
bert is anxious to get on the
land again.

Constable Russell has left town,
being assigned to strike duty at
the coal mines. In this regard Mr
Welch informs us that some of
the mines from where he obtains
the "black diamonds" are shut
down, the largest of these being
the Pembina mine at Evansburg.

Miss Hazel Mallet was spend-
ing the Easter holidays with her
parents at Edmonton.

Miss Lolo Mabey and Miss V.
Limpert are attending the teach-
ers' convention in Calgary this
week.

Breeding contract books are for
sale at The Star office.

Many of our farmers are now
on the land. As the season is ad-
vancing, and they intend to hire
as little extra help as possible,
they feel it is time to be "up and
at it!"

The Misses P. and S. McLeod
of Heath were the guests of Miss
C. Rosholt over the week end.

Eight Good Reasons
FOR BUYING A

DE LAVAL

Greater Capacity: New Capacities have been increased 10 p.c. without
increase of speed or effort required in operation.

Skims Cleaner: The improved bowl design, together with the patented
milk distributor, gives greater skimming efficiency.

Easier To Wash: Simpler bowl construction and discs caulked only on
the upper side make the bowl easier to wash.

Easier To Turn: The low speed of the De Laval bowl, the short crank
its unusually large capacity for the size and weight of the bowl, and
its automatic oiling through out, make it the easiest to turn and least
tiring to the operator.

The Majority Choice: More De Laval are sold every year than all other
makes of separators combined. More than 2,500,000 are in daily use
thousands of them for 15 or 20 years.

Time Tested: The De Laval was the first cream separator. It has
stood the test of time and maintained its original success and leader-
ship for over 40 years the world over.

Equipped With Speed Indicator: Every new De Laval is equipped with
a Bell Speed Indicator, the "Warning Signal" which insures proper
speed, full capacity, thorough separation and uniform cream at all times.
Service When You Need It: Westcoast Repairs and can offer the owner
of a De Laval quick and efficient service whenever it is needed.
